

Hearing Insurance

Many insurance companies provide coverage for a hearing evaluation, and some even offer a benefit toward the purchase of prescription hearing aids. Please be sure to check with your insurance provider prior to your visit to see if your policy covers the cost of a hearing evaluation and/or offers a benefit for prescription hearing aids. Some insurance policies require written authorization from your primary care physician, which we ask you to obtain prior to your testing.

We do not accept 3rd party or discount benefits plans such as TruHearing, United HealthCare Hearing/EPIC, amplifon, Nations Hearing, Hearing Care Solutions.

Payment for services is requested at the time of your visit. We accept cash, checks, MasterCard, Visa, Discover, American Express and **CareCredit**.

We are pleased to be part of CareCredit's network. CareCredit can be used to cover most costs at Amazing Hearing. You can apply for Care Credit by clicking the link below. Please note that your application is subject to approval by CareCredit not Amazing Hearing.

CareCredit is a convenient, monthly payment program. This plan is specifically designed to help you pay for healthcare expenses not covered by insurance, such as hearing aids.
