

Aural Rehabilitation Services

**Cindy
Nirenberg**
Speech Therapist

Call (949) 338-5515

My mom was my inspiration for my work with hearing impaired individuals. Bilateral amplification, and later, a cochlear implant made all the difference in her ability to enjoy life to the fullest. It is my great joy and honor to help you improve your communication skills while decreasing the frustration of hearing loss.

**With 30+ years
of experience.**
